walk a Low Tide Labyrinth and scribe Earth Prayers in the sand

Each year, April 22 marks the anniversary of the birth of the modern environmental movement in 1970. Earth Day 1970 gave voice to that emerging consciousness, channeling the energy of the anti-war protest movement and putting environmental concerns on the front page.

Please join us as we honor Mother Earth and set in motion our global prayers for peace. Bring intentions of peace to your walk on the low tide labyrinth and then scribe your prayers into the sand. The sea will take them to heart as the tide rolls in.
